Correction to: Radiation and Environmental Biophysics (2022) 61:485–504 <https://doi.org/10.1007/s00411-022-00988-0>

The article “Out-of-field effects: lessons learned from partial body exposure”, written by S. Pazzaglia, M. Eidemüller, K. Lumniczky, M. Mancuso, R. Ramadan, L. Stolarczyk and S. Moertl, was originally published Online First without Open Access. After publication in volume 61, issue 4, page 485–504 the author decided to opt for Open Choice and to make the article an Open Access publication. Therefore, the copyright of the article has been changed to © The Author(s) 2022 and the article is forthwith distributed under the terms of the Creative Commons Attribution 4.0 International License, which permits use, sharing, adaptation, distribution and reproduction in any medium or format, as long as you give appropriate credit to the original author(s) and the source, provide a link to the Creative Commons licence, and indicate if changes were made.
